13 How to Contact Us

Please read this manual carefully before using this software. If the software is to be used by young children, the manual should be read and explained to them by an adult.

- ◆ Unless stated otherwise, any references to "Nintendo 3DS" in this manual apply to all systems in the Nintendo 3DS™ family.
- ◆ When playing on a Nintendo 2DS™ system, features which require closing the Nintendo 3DS system can be simulated by using the sleep switch.

IMPORTANT

Important information about your health and safety is available in the Health and Safety Information application on the HOME Menu. You should also thoroughly read the Operations Manual, especially the "Health and Safety Information" section, before using Nintendo 3DS software.

Language Selection

The in-game language depends on the one that is set on the system. This title supports five different languages: English, German, French, Spanish and Italian.

If your Nintendo 3DS system language is set to one of these, the

same language will be displayed in the software. If your Nintendo 3DS system is set to another language, the in-game default language will be English.

For instructions about how to change the system language, please refer to the System Settings electronic manual.

Age Rating Information

For age rating information for this and other software, please consult the relevant website for the age rating system in your region.

CTR-P-BWDP-00

User-generated content, or UGC, is content created by users, such as messages, Mii™ characters, images, photos, video, audio, QR Code™ patterns, etc.

Exchanging UGC

These are general precautions for exchanging UGC with other users. The extent of UGC exchange depends on the software.

- Uploaded content may be seen by other users. It may also be copied, modified and redistributed by third parties.
Once sent, you cannot delete such content or limit its usage, so be careful.
- Any uploaded content may be removed without notice. Nintendo may also remove or hide content which is considered to be unsuitable.
- When uploading content or creating content for upload...
 - Do not include any information that can be used to identify you or a third party personally, such as your or a third party's name, email address, address or telephone number.
 - Do not include anything which could be damaging or offensive to another person, or make

someone uncomfortable.

- Do not infringe on the rights of others. Do not use content owned by a third party or that displays a third party (photos, images, videos) without their permission.
- Do not include illegal content or any content which aids illegal activity.
- Do not include any content which violates public morality.

This software allows you to share your artwork on social media and Miiverse™. For more information, see Online Sharing (p. 11).

- ◆ For information about connecting your Nintendo 3DS system to the internet, refer to the Operations Manual.
- ◆ To use Miiverse features, you must have already launched Miiverse and completed the initial setup.

This software supports Nintendo Network™.

Nintendo Network is an online service which allows you to play with other players all over the world, download new add-on content and much more!

Online Precautions

- If you post, send or otherwise make available any information or content through wireless communication please make sure not to include any information that can be used to identify you personally, such as your name, email address, your address or

your telephone number, as others may be allowed to see such information and content. In particular, when choosing a user name or nickname for your Mii characters, please do not use your real name as others may be able to view your user name and the nicknames of your Mii characters when using wireless communication.

- Friend codes are a part of a system that allows you to establish a friendship with other users, so that you can play, communicate and interact with people you know. If you exchange friend codes with strangers, there is a risk that you could receive information or messages with offensive language or inappropriate content and that strangers may see information about you that you do not want strangers to see. We therefore recommend that you do not give your friend codes to people you don't know.
- Do not engage in harmful, illegal, offensive or otherwise inappropriate activity that might cause problems for other users. In particular, do not post, send or otherwise make available any information or content that threatens, abuses or harasses other persons, infringes on the rights of others (such as

copyrights, portrait rights, privacy rights, rights of publicity or trademarks) or that may make other people feel uncomfortable. In particular, when sending, posting or making available photos, images or videos displaying other people, make sure to obtain their permission beforehand. If inappropriate conduct is reported or confirmed, you may be subject to penalties such as being banned from the Nintendo 3DS Services.

- Please note that Nintendo servers may become temporarily unavailable without prior notice due to maintenance following any problems, and online services for certain software may be discontinued.

You can use the following Parental Controls to restrict certain features of this software.

- ◆ For more information about Parental Controls, refer to the Operations Manual.
- Internet Browser
Restricts use of Nintendo 3DS Image Share (p. 11).
- Miiverse
Restricts posting on Miiverse and/or viewing other players' Miiverse posts. It is possible to restrict posting only, or to restrict both posting and viewing.
- Sharing Images/Audio/Video/Long Text Data
Restricts the sending of pictures to other users via Local Play (p. 12)

The first time you play the game, you will be asked to enter your name and then you'll be given a starter lesson. From the second time onwards, you'll start from the main menu.

◆ You can change your name later in your profile (p. 10).

Main Menu

Lessons

Learn how to draw Disney™ characters and how to get the most out of the various art tools (p. 9).

Free Paint

Paint whatever subject you choose using whatever tools you like.

Clubhouse

View your Gallery or profile (p. 10).

Share

Share your pictures with other users or send sample lessons (p. 11-12).

Settings

Access various settings including sound and user data.

About Power-Saving Mode

When the Power-Saving Mode of the Nintendo 3DS system is turned on, some colours may be difficult to distinguish. You can turn off Power-Saving Mode from the HOME Menu Settings.

Saving

You can save at any time while drawing. Open the options menu with **START** and touch "Save".

The following data is saved separately.

Progress

Your progress in the lessons is saved automatically every time you complete a lesson.

Artwork

When you can save your pictures depends on the mode you're playing.

Lessons

You can choose to save your artwork at the end of each lesson. To save during a lesson, open the options menu with **START** and touch "Save".

Free Paint

You can save at any time in Free Paint mode.

- You can keep working on your artwork after saving.
- Your artworks are saved as extra data on the SD card.

Deleting Save Data

The method depends on which data you want to delete.

- ◆ Be careful when deleting data, as deleted data cannot be recovered.

Progress

Go to "Settings" and then "Clear Progress" to delete your game progress.

Artwork

You can delete any picture from the Gallery (p. 10), and in Free Paint and Lessons you can delete pictures created in those modes.

- ◆ If you delete extra data from the System Settings in the HOME Menu, your entire Gallery will be deleted, so be careful.

- Do not repeatedly reset the system or intentionally input incorrect controls. Do not remove any Game Card/SD card inserted into the system while saving. Make sure not to get dirt in the terminals. These actions could result in permanent data loss.
- Do not use external accessories or software to modify your save data, as this can lead to an inability to progress or loss of save data. Any modification is permanent, so be careful.
