The Nintendo® 64 Controller

Control Stick Function:
The Nintendo 64 Control Stick uses an analog system to read the angles and directions of its movement. This allows precision control that is not possible using the conventional + Control Pad.

When turning the Control Deck power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture on the left) when the power is turned ON, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture on the left) then press START while holding down the L and R Buttons.

Holding the Nintendo 64 Controller:
While playing The Legend of Zelda: Ocarina of Time game, we recommend you use the hand positions shown on the left. By holding the controller like this, you can operate the Control Stick freely with your left thumb. Using your right thumb, you can easily access the A, B or C Buttons. Place your left index finger on the Z Button on the back of the controller.

Connecting the Nintendo 64 Controller
To play this game, you must connect a controller to Socket One, located on the front panel of the Control Deck.

If you change the connection during the game, you need to turn the power OFF to make the new connection active.

This game is designed for one player, so only one controller is needed.

N64 Rumble Pak™
This game is compatible with the Rumble Pak accessory. Before using it, make sure to read the Rumble Pak accessory instruction booklet carefully. Make sure that the Control Deck is OFF when inserting the Rumble Pak accessory.
A LONG TIME AGO...

DIN, WITH HER STRONG FLAMING ARMS, CULTIVATED THE LAND TO CREATE THE EARTH. NAYRU POURED HER WISDOM ONTO THE EARTH TO GIVE THE SPIRIT OF LAW TO THE WORLD. FARORE'S RICH SOUL CREATED ALL LIFE FORMS WHO WOULD UPHOLD THE LAW.

THESE THREE GREAT GODDESSES RETURNED TO THE HEAVENS, LEAVING BEHIND THE GOLDEN SACRED TRIFORCE. SINCE THEN, THE TRIFORCE HAS BECOME THE BASIS FOR HYRULE'S PROVIDENCE. WHERE THE TRIFORCE STOOD BECAME SACRED LAND.

EARLY ONE MORNING, LINK WAS HAVING A NIGHTMARE. IT WAS THE SAME NIGHTMARE HE HAD EVERY NIGHT. DURING A STORM, LINK WOULD FIND HIMSELF STANDING IN FRONT OF A MYSTERIOUS CASTLE. A RIDER ON HORSEBACK, CARRYING A GIRL, WOULD RACE BY. THE GIRL WOULD LOOK AT LINK AS IF TO SAY SOMETHING. THEN, ANOTHER RIDER WOULD APPEAR. THIS BIG MAN CLAD IN BLACK WOULD LOOK DOWN MENACINGLY AT LINK. LINK WOULD THEN AWAKEN.

'LINK! HEY, GET UP, LINK! THE GREAT DEKU TREE WANTS TO TALK TO YOU!'

AS LINK OPENED HIS EYES, HE SAW A FAIRY FLOATING IN FRONT OF HIM. THIS FAIRY'S NAME WAS NAVI. NAVI WAS SENT TO SUMMON LINK TO THE GREAT DEKU TREE.

'OH NAVI, THOU HAST RETURNED!' SAID THE DEKU TREE. 'THANK YOU, LINK, FOR COMING. THY SLUMBER THESE PAST MOONS MUST HAVE BEEN RESTLESS, AND FULL OF NIGHTMARES. A VILE CLIMATE PERVADES THIS WORLD. VERILY, YE HAVE FEEL IT. THE TIME HAS COME TO TEST THINE COURAGE. I HAVE BEEN CURSED. I NEED YOU TO DISPEL THE CURSE WITH YOUR WISDOM AND COURAGE. ART THOU PREPARED?'

LINK ENTERED THE GREAT DEKU TREE AND BROKE THE CURSE.

'WELL DONE, LINK! I KNEW THAT YE WERE WORTHY OF CARRYING OUT MY WISHES. A WICKED MAN OF THE DESERT CAST THIS DREADFUL CURSE ON ME. EMPLOYING HIS VILE, SORCERIOUS ENERGIES, THE EVIL ONE IS SEARCHING FOR THE SACRED REALM CONNECTED TO HYRULE. FOR IT IS THERE THAT ONE WILL FIND THE DIVINE RELIC, THE TRIFORCE, THAT CONTAINS THE ESSENCE OF THE GODS. WHOEVER HOLDS THE TRIFORCE CAN MAKE THEIR WISHES COME TRUE. THOU MUST NEVER ALLOW THE DESERT MAN TO LAY HIS HANDS ON THE SACRED TRIFORCE. THOU MUST NEVER SUFFER THAT MAN TO ENTER THE SACRED REALM OF LEGEND. LINK, GO NOW TO HYRULE CASTLE. THERE, YE WILL SURELY MEET THE PRINCESS OF DESTINY. PRESENT THIS STONE TO THE PRINCESS. I HAVE FORESEEN THAT SHE WILL UNDERSTAND EVERYTHING.'

THE GREAT DEKU TREE GAVE LINK THE SPIRITUAL STONE OF THE FOREST. BEFORE DYING, THE DEKU TREE'S LAST WORDS WERE, 'THE FUTURE DEPENDS UPON THEE, LINK. THOU ART COURAGEOUS.'

STARTING THE GAME

Correctly insert the Legend of Zelda: Ocarina of Time Game Pak into your Nintendo 64 system and move the POWER switch to the ON position. When the Title screen appears, press START to access the File Select screen. Use the Control Stick to select from one of three save files. Press the A Button to advance to the Name Registration screen.

What is a File?
Your game progress is stored in a file. This includes items you've acquired, number of hearts you've collected and dungeons you've cleared. If you quit while playing, you will be able to continue where you left off (see page 34 for more information).

Name Registration
Names cannot exceed eight characters. Use the Control Stick to select a letter and press the A Button to confirm. Press the B Button to delete a letter. When you have finished, press START to move the cursor to END. Press the A Button to finalize your name.

Copying and Deleting files
On the File Select screen, select COPY, move the cursor to the file you wish to copy and press the A Button. Select the file to which you want to copy and press the A Button again (you cannot copy a blank file). Deleting a file works the same way. Remember, once a file is deleted, it cannot be recovered.

NAVI AND Z TARGETING

Navi is Link's guardian fairy. Navi helps and supports Link during his adventure. She gives helpful hints such as enemy weaknesses. If Navi calls you during the game, press the C Button to see what she has to say.

**Navi Icon**

When Link gets close to an enemy or object that Navi can help with, she flies in that direction. That enemy or object has a triangle mark next to it. If you press the Z Button, Link looks in Navi's direction, and the enemy or object is surrounded by the Focus Cursor. This is called Z Targeting. When you use Z Targeting, the Navi icon appears in the top right corner of the screen. Press the C Button to read Navi's advice.

When using Z Targeting on people or signs, the Navi icon does not flash. Instead, the SPEAK or CHECK commands appear.

**Using Z Targeting**

Z Targeting will not only help you with Navi's advice, but it can also help your adventure go more smoothly.

During the game, if you press the Z Button, the viewpoint centers behind Link. It also slowly centers behind Link if you don't press any buttons or move the Control Stick (see page 13).

- **Green**: A hint is available.
- **Light Blue**: A person or sign. Press the A Button.

**NOTE**: It's important to use Z Targeting when battling enemies (see page 20).

When you press the C Button during the game, the viewpoint changes to Link's view (first-person perspective). While in this viewpoint, you cannot use an item, move or use Z Targeting. You can, however, look around with the Control Stick. This is very helpful when you're in a dungeon and you need to see the terrain around you.

**Magic Arrow**

You cannot use this when the Magic Meter is empty.

If you want to restore peace to Hyrule, you need to journey into the dungeons. Each dungeon has its own boss. Defeat each dungeon boss to complete the dungeon.

**Treasure Chests/Dungeon Items**
Treasure chests come in various sizes. Big chests hide important items such as maps and compasses.

**Dungeon Map**
A dungeon map shows all the rooms in a dungeon, including your current location. Until you get the map, you can only see rooms that you've been in.

**Compass**
The compass shows you the location of all treasure chests. It also shows you the location of the dungeon boss (indicated by a skull mark).

**Small Keys and Doors**
Use small keys to open locked doors. The number of small keys in your inventory appears on the game screen. Once you use a small key, it will disappear. You can only use small keys in the dungeon sections where you find them. There are also one-way doors that only open when you solve the mystery in that room.

Small keys do not appear in the dungeons that you visit at the beginning of the game.
SAVING WHEN YOUR GAME IS OVER

Game Over
When you take damage, the Life Energy in the upper left corner of the screen decreases. When you run out of hearts, your game is over. When that happens, the following screen appears. Use the Control Stick to select the desired option and press the A Button to confirm.

Would You Like to Save? Yes/No
When your game is over, you have the option to save your progress. Select YES to save or NO to quit and return to the Title screen.

Would You Like to Continue? Yes/No
If you select YES, you will start at the beginning of the current dungeon. Select NO and you will return to the Title screen. Listed below are the places you will continue if your game ends.

<table>
<thead>
<tr>
<th>If your game ends . . .</th>
<th>Your game will continue . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>in the field (Child Link)</td>
<td>at Link's house</td>
</tr>
<tr>
<td>outside a dungeon (Adult Link)</td>
<td>at the Temple of Time</td>
</tr>
<tr>
<td>in a dungeon</td>
<td>at the dungeon entrance</td>
</tr>
</tbody>
</table>

When you continue, you only have three hearts full in your Life Energy.

Quitting During Gameplay
If you want to quit during your adventure, make sure to save your progress first. Turn the power OFF when you are done.

If you save and quit during your adventure, the game saves the number of hearts in your Life Energy.

TIPS FOR YOUR ADVENTURE
This section provides you with some helpful hints for your adventure. It is the hope of all people of Hyrule that your wisdom and courage will bring peace back to Hyrule.

While you are playing the game, you discover that Link has aged seven years since his adventure began. During that seven-year span, the atmosphere of Hyrule has changed dramatically. Things Link does in his childhood affect him as an adult.

In the village of Hyrule, if you do something at the Temple of Time, you will be able to travel between these two time periods. This time travel is necessary for you to progress through your adventure.

Make sure to visit the people you met as a child. You never know what has happened to them in seven years.
The Passage of Time in Hyrule

Time passes in Hyrule. Day turns regularly to night. There are enemies who only appear at night, many stores that are closed at night and people who only appear during the day. Make sure to visit places during the day and night.

Cutting the Grass

Grass can be cut with the sword (or picked up and thrown). When cutting the grass, you sometimes find Hearts or Rupees. When you find yourself short on items, try cutting the grass. You never know what you’ll find.

Collecting the Golden Skulltula

When you defeat the Gold Skulltulas (spider monsters), they change into Golden Skull Tokens. Collect these Tokens and you can exchange them at certain places for helpful items. The number of Golden Skulltulas you’ve collected appear on the Quest Status Subscreen.

Don’t Waste Rupees!

There are many stores in Hyrule. In the stores, many helpful items are available for purchase. Some items are very expensive. If you have enough Rupees, you can buy these expensive items. In some stores, you can obtain these valuable items without paying or in exchange for certain things. Try to think about other ways to obtain items without wasting Rupees.
Setting the C Items
You will obtain various items during your adventure. More than likely, dungeons hide important items. You should equip dungeon items immediately. Use items that you find not only in dungeons, but in other places around Hyrule. Use the C Buttons to assign these items.

Items that you find in the dungeon are more likely to be effective in that dungeon.

Find the Fairy Fountains to Regain Hearts
Fairy Fountains are found all over Hyrule, although some of them are hard to find. Visit these fountains to refill your Life Energy. Make sure to look everywhere.

All Enemies Have Weaknesses
Enemies are everywhere in the dungeons, and you can be sure that they will attack Link. Stay calm and keep an eye on your enemies with the Z Button. When you do this, if you press the C Button, Navi tells you each enemy's weakness. Knowing an enemy's weakness is the best way to defeat it. If a sword doesn't work, try using an item in conjunction with the sword.

Ride the Horse
Traveling by foot in Hyrule can take a long time. It's a good idea to use a horse. Horses can be found at Lon Lon Ranch. With a horse, you'll be able to cross the Hyrulian plains in no time. Although you can only ride the horse in certain places, it will always be waiting for you if you need to go somewhere.

You must do something special before you can ride the horse, and you can only ride it when Link is an adult. The number of carrots on the screen indicates the number of times you can increase the horse's speed.
**Stone of Agony**

**Get Help With the Stone of Agony!**

The Stone of Agony is an item you may find in Hyrule. When you are near treasure chests or hidden items, if you have the Stone of Agony, your controller rumbles (only with the Rumble Pak accessory).

Make sure to look around when you feel the rumble.

**Let's Go Fishing!**

There's a pond near Lake Hylia where you can go fishing. If you catch a big fish, something good will happen. If you have the Rumble Pak accessory, you will feel a tug on your line.
