

MAKE YOUR VERY OWN CAT MARIO PAWS!

Create your own Cat Mario Paws to wear on your hands!
If you pair them with some Cat Mario Ears you'll be dressed up just like the moggy hero himself!

SAFETY FIRST!

Ask a grown-up to help you cut out the pieces and assemble your Paws.

You Will Need:

Scissors
A stapler

STEP 1

Ask a grown-up to help you cut out each paw piece.

STEP 2

Place the two left paw pieces together, making sure you line them up neatly. Now staple them together round the edge. Repeat for the right paw.

STEP 3

Slide a hand into each, and you're ready to point to the sky, just like Cat Mario! If the paws are too loose around your wrists, you can ask an adult to staple the opening to make it tighter.

TIP:

You can use the cut-out shapes as stencils to create felt paws – they'll be much softer, and last longer, but you'll still need a parent to staple or stitch each paw together.
